## Carpenters Annuity Trust Fund for Northern California

### Section 1 – Performance Information

The information in this table focuses on the performance of investment options that do not have a fixed or stated rate of return. It shows how these investments have performed in the past and allows you to compare them with appropriate benchmarks for the same time periods. Information about an option's principal risks is available through the following website, [mylife.jhrps.com/investment\\_info](http://mylife.jhrps.com/investment_info). Please enter code "LO1505" to view your plan investment option details.

Total returns include changes in share price and reinvestment of all dividends and capital gains, if any, but not the effect of any sales charges, which are waived for qualified retirement plans. If sales charges were included, total returns would be lower.

**For funds with redemption fees, performance shown does not reflect the deduction of this fee which would reduce performance.**

Investment options are grouped according to investment objective. Within each investment objective grouping, funds are listed in alphabetical order. For more specific information, please refer to the investments' specific disclosure information.

**Performance data quoted represents past performance. Past performance is no guarantee of future results. Due to market volatility, current performance may be less or higher than the figures shown. For the most recent month-end performance information, please log onto [mylife.jhrps.com](http://mylife.jhrps.com) or call a John Hancock representative at 833-388-6466.**

<b>Target Date</b>										
<b>The target date is the expected year in which participants in a Target Date Portfolio plan to retire and no longer make contributions. The investment strategy of these Portfolios are designed to become more conservative over time as the target date approaches (or if applicable passes) the target retirement date. The principal value of your investment as well as your potential rate of return, are not guaranteed at any time, including at or after the target retirement date. An investor should examine the asset allocation of the fund to ensure it is consistent with their own risk tolerance.</b>

The cumulative effect of fees and expenses can substantially reduce the growth of your retirement savings. Visit the Department of Labor's Web site for an example showing the long-term effect of fees and expenses at <https://www.dol.gov/agencies/ebsa/laws-and-regulations/laws/pension-protection-act/investing-and-diversification>. Fees and expenses are only one of many factors to consider when you decide to invest in an option. You may also want to think about whether an investment in a particular option, along with your other investments, will help you achieve your financial goals.

### Section 3 – Plan Related Information

#### PLAN ADMINISTRATIVE EXPENSES

**Participant Directed:** In addition to the total annual operating fees associated with the investments, an annual pro-rata administrative fee of approximately 0.33% will be deducted from participant accounts on a monthly basis. As an example: For an account balance of \$50,000 the monthly pro-rata fee would be approximately \$13.75. In addition, participants in the Plan pay a quarterly fixed administrative fee. As an example, for the last four quarters ending February 29, 2020, the fixed administrative fee was approximately \$14.94 per quarter.

The Carpenters Annuity Plan may pay outside service providers for administrative services rendered during the year, such as recordkeeping and investment advisory services. Such amounts may be paid from a segregated account under the Annuity Plan and/or may be charged against participants' accounts on a pro-rata basis in accordance with the Amended and Restated Rules and Regulations of the Plan. Any amounts assessed against your account will be disclosed on a quarterly basis.

**PARTICIPANT EXPENSES**

To ensure that you receive your benefits when eligible, the Trustees of the Carpenters Annuity Trust Fund Trust Fund have a policy in place to locate and pay benefits to unenrolled and missing Participants or Beneficiaries of the Plan. The process of enrolling or locating missing Participants or Beneficiaries can include multiple efforts depending on the amount of the unpaid account balance and how long it takes to locate the individual. Each attempt made to contact such individuals will result in a fee assessment. The costs associated with location services may be revised from time-to-time, and currently include:

Participant Notice	\$6.86	Separation from Service Invalid Address Union Notice	\$5.28
Employer Notice	\$5.38	Separation from Service Invalid Address Locator Service	\$5.23
Union Notice	\$5.28	Separation from Service Follow Up Letter	\$5.23
Un-enrolled or Invalid Address Locator Service	\$5.23	Frozen Account Locator Service	\$5.23
Un-cashed Check(s) Letter	\$9.16	Frozen Account Reinstatement	\$0.06
Un-cashed Check(s) Locator Service	\$13.48	Separation from Service Invalid Address Second Follow Up	\$5.24
		Required Minimum Distribution Locator Service	\$5.39

To avoid an assessment for location efforts, simply keep the Fund Office apprised of your current address and if you have not yet done so, complete an enrollment form which can be downloaded from the website, [www.carpenterfunds.com](http://www.carpenterfunds.com), fill it out and mail or fax it to the Carpenter Fund Office. ### Section 4 – Performance Information

The information in this table focuses on the performance of investment options that do not have a fixed or stated rate of return. It shows how these investments have performed in the past and allows you to compare them with appropriate benchmarks for the same time periods. Information about an option's principal risks is available through the following website, [mylife.jhrps.com/investment\\_info](http://mylife.jhrps.com/investment_info).
